

Den Wolo Ka Guele

(last edited on 27 October 2021)

Den Wolo Ka Guele is a rhythm from Burkina Faso / Mali with a song in Dioula / Bambara. Women are everything for the world! She makes the family, the love, cares for the old age, for the good food. So women are everything! The woman gives birth to children (that's hard). The woman represents something very important in the world, with her grace she creates (atmosphere in) the villages. In the second part of the song all good qualities are again listed. The song is on a beautiful CD with authentic, raw recordings. The birds make themselves heard regularly in the recordings!
