

Bada

WAP- pages / Paul Nas / Last updated on 23-08-2014

Bada (*Badan, Badagbe*) is a Dunumbarhythm from the Malinke, that is played as a transition between two other dununbas. It has a complete other rhythm compared to other dunumbas. During the dance it offers the people that - in their enthusiasm - have closed to much on the drummers and each other , the opportunity to enlarge the circle around the players.
